JUMPSTART CALF MUESLI

Jumpstart Calf Muesli is a highly palatable, nutrient dense muesli, formulated with high levels of molasses and chaff to encourage pellet intake in baby calves, from birth to 12 weeks of age.

Jumpstart Calf Muesli:

- Is manufactured from a selection of highly palatable, and highly digestible ingredients to encourage feed intake and deliver essential nutrients for growth and development;
- Contains molasses and chaff to stimulate intakes, but not affect product handling;
- Delivers balanced macro minerals including calcium, phosphorus, magnesium, as well as vitamins, including A, D, E and trace minerals including zinc, manganese, cobalt, selenium, iodine to support animal health;
- Contains Lasalocid Sodium (Bovatec®) for improved liveweight gains and feed conversion efficiency, and to aid in the reduction of faecal shedding of coccidia Eimeria spp. in growing cattle;
- Contains a blend of Surveillance – a yeast, pre- and probiotic, and Sangrovit – natural blend of essential oils. These products support gut and animal health;
- Contains molasses and flavourings for palatability;

Offer Jumpstart Calf Muesli to calves from birth to 12 weeks of age. Initially offer small amounts, replacing uneaten product daily to encourage intakes. Increase amount of feed offered as intakes increase. Offer a suitable fibre source to calves from two weeks of age. Ensure calves have access to clean, fresh water at all times. For best results offer in conjunction with Jumpstart Calf Milk Replacers, Jumpstart Whole Milk Additive, and Powerlyte electrolytes.
