JUMPSTART CALF GROWER 18 PELLET

Jumpstart Calf Grower 18 Pellet is a nutrient dense pellet formulated to support the healthy growth and development of calves post weaning.

Jumpstart Calf Grower 18 Pellet:

- Is manufactured from a selection of highly digestible ingredients to deliver essential nutrients for growth and development;
- Delivers balanced macro minerals including calcium, phosphorus, magnesium, as well as vitamins, including A, D, E and trace minerals including zinc, manganese, cobalt, selenium, iodine to support animal health;
- Contains Lasalocid Sodium (Bovatec®) for improved liveweight gains and feed conversion efficiency, and to aid in the reduction of faecal shedding of coccidia Eimeria spp. in growing cattle;
- Contains Surveillance – a blend of yeast, pre- and probiotics, and Sangrovit – natural blend of essential oils. These products support gut and animal health;

Offer Jumpstart Calf Grower 18 Pellet to calves from 2 weeks after weaning until 6 months of age. This product can be offered on an ad-lib basis if calves have unrestricted access to suitable fibre, and fresh water. If offering ad-lib, ensure calves do not have and restrictions or interruptions to pellet access.

Typical Analysis (per Kg, DM Basis)

Crude Protein	18.0%
Lysine	0.59%
Methionine	0.21%
Max Added Urea	Nil (As-fed basis)
